PROCESS FLOW/DETAILS		RESPONSIBLE PERSON/OFFICE	RECORDS/ EVIDENCES
↓ Promote/present the technologies	Note 5	Manager/PMU	Documentation of activity Pitching
**Ranking to be done quarterly, previous quarter result is ranked against new technology			

NOTE 1:

1. The marketing officer will list the available technologies or R&D projects generated by USTP using an inventory form. The inventory will be derived from the research centers and the different colleges and campuses of USTP

2. A database of local, regional, and international industry adopters will be prepared, managed, and constantly updated

NOTE 2:

1. The manager of the Promotions and Marketing Unit will secure the TRL-assessed technologies from the ITSU

NOTE 3:

1. The manager of the Promotions and Marketing Unit will conduct iCanvas assessment – a framework used to assess the commercial and market readiness of technologies. The assessment will be done together with the researchers.

NOTE 4:

1. A separate inventory sheet will be created which contains technologies ranked according to its TRL and iCanvas assessment.

NOTE 5:

1. The manager of the Promotions and Marketing Unit will lead the conduct of a pitching event to be participated by the industry partners and researchers.
